I'm a Computer Engineer and Full Stack Developer based in Ankara, Turkey. I specialize in web and mobile development, with a degree in Computer Science and Engineering from Gazi University. I'm proficient in Object- Oriented Programming and skilled in .Net, Angular, and Flutter (Dart). You can explore my GitHub repository to see some of the projects I've worked on.

EDUCATION

2014-2018

Süleyman Demirel Anatolian School

Anatolian School (Note: 85)

2020-2024

Gazi University

Computer Engineering (Note: 3.06)

WORK EXPERIENCE

Haz 2022 - Ağu 2022

Vakıf Global Bilişim ve Teknoloji

Flutter Developer Intern

I have created a mobile application designed to streamline task assignment and tracking in accordance with the yearly maintenance and exercise plan, specifically tailored to the System and Network team's requirements. This app features functionalities such as PDF conversion and data storage in an SQLite database.

Mar 2023 - Tem 2023

TUALCOM

Candidate Software Engineer

I've developed mobile applications using Flutter, managing UDP packets with Dart's IO library for real-time communication, particularly in a chat app. Additionally, I've created desktop applications using Java and Eclipse RCP, involving SWT widgets for UI. I've extensively participated in bug-fixing and testing phases. All projects were managed using SVN version control.

Mar 2024 - Still Working

Solvera Yazılım A.Ş

Software Engineer Long-Term Intern

I contribute to the development and maintenance of a web application, working on both the backend and frontend. Our technologies include .NetCore, .NetFramework, HTML, CSS, and JavaScript. Additionally, we utilize Microsoft SQL Server for database operations.

**PROGRAMMING LANGUAGES
AND TOOLS**

.Net Core,
.Net Framework,
